DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on 9/20/2003. It is noted, however, that applicant has not filed a certified copy of the JP-2002-275990 application as required by 35 U.S.C. 119(b).

Claim Rejections - 35 USC § 112

2. Claims 3-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrase "density of relative 55% to 100%" renders these claims indefinite.

Allowable Subject Matter

3. Claims 1-2, 8-19 are allowed.
4. The following is an examiner's statement of reasons for allowance:

There is no prior art that suggests forming a Terbium Aluminum based garnet by the a laser FZ (floating zone) method using a porous raw material and /or seed crystal. The examiner notes that TAG crystals were known in the art but the present method of forming them was nowhere suggested in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
